

UV240P USB Flash Drive

CLEAN AND CLASSIC

UV240P USB Flash Drive

The ADATA UV240P is a compact flash drive that sports a hassle-free flip cap design that's incredibly easy to use. What's more, it is covered in an antibacterial coating that is effective against 99% of microorganisms.

A More Hygienic Flash Drive

Featuring a silver ion coating, the UV240P's surface can block the growth of microorganisms and reduce the presence of potentially harmful bacteria.

Easy-to-Lift, Hard-to-Misplace

The flip cap swings open easily with the flick of a finger and is attached to the drive so you'll never misplace it.

Store More

Store a lot more stuff with 16GB or 64GB capacity variants. From documents, photos to music, carry everything with you on the go.
