Linksys Dual-Band WiFi 5 Router (E5350)

MORE POWERFUL WiFi SPEED AND TECHNOLOGY

Now every home can enjoy the power of WiFi Technology. The AC1000 Dual-Band WiFi 5 Router delivers enhanced speed, range, and security for all your networking needs. With speeds up to 2.3x faster than N*, you'll be able to swiftly stream HD, surf, email, game, browse, and chat. And, with the ability to access and monitor your home network anytime, from anywhere, you can enjoy more flexibility and control. Plus, with four Ethernet ports and easy setup, your upgraded network can be up and running smoothly in minutes.

KEY FEATURES

-  **Powerful and Enhanced WiFi Speed**
The AC1000 Dual-Band WiFi 5 Router gives you speeds up to 1000 Mbps.
-  **Reliable WiFi with Simultaneous Dual-Band (2.4 + 5 GHz)**
Double the bandwidth to avoid interference and maximize throughput.
-  **Advanced Security**
WPA2 encryption and SPI firewall help keep your network safely connected.
-  **Protected Guest Access**
Give guests access while keeping unwanted guests off your WiFi network and your family's connected devices.
-  **Push Button Connect**
Easy push button WiFi connections (WPS) to add devices to your WiFi network with a push of a button.
-  **Easy Setup**
Browser-based setup with no CD makes router installation easy using an iPad, tablet, smartphone, or computer.

Package Includes:

- Linksys Dual-Band WiFi 5 Router Model #E5350
- Ethernet Cable
- Power Adapter

Package Dimensions

8.43" x 7.24" x 2.13" (Weight: 0.97 lbs.)

4-Pack Tray Carton

9.57" x 7.68" x 9.09" (Weight: 4.41 lbs.)

Minimum System Requirements:

For Router Setup: Latest versions of Google Chrome™, Firefox®, Safari® (for Mac® or iPad®), Microsoft Edge™, or Internet Explorer® versions 8 or newer

UPC:

745883773961

Specifications:

Wireless Standards with Link Rate
WiFi 5 (up to 700 Mbps for 5 GHz*)
WiFi 4 (up to 300 Mbps for 2.4 GHz*)
IEEE 802.11g (up to 54 Mbps*)
IEEE 802.11a (up to 54 Mbps*)
IEEE 802.11b (up to 11 Mbps*)

Technical Specifications:

Product Dimensions

6.69" x 4.41" x 1.30"

WiFi

1000 Mbps (700 Mbps for 5 GHz
+ 300 Mbps for 2.4 GHz)
Simultaneous Dual-Band (2.4 + 5 GHz)
802.11a, 802.11b, 802.11g, 802.11n,
802.11ac, 802.3ab, 802.3u

Ports

Internet, Ethernet (1-4), Power

Switch Port Speed

10/100

Buttons

1 x Reset button, 1 x WPS button

Operating Temperature

32° to 104° F (0° to 40° C)

Security:

WPA2 - Personal Encryption

WPA2 - Enterprise

Easy Setup:

1. Plug router into a power source.
2. Connect router to Ethernet/modem.
3. Connect to your Linksys secure network and follow instructions.

Actual performance may vary, including lower wireless network capacity, data throughput rate, range, and coverage. Performance depends upon many factors, conditions and variables, including products used, interference, and other adverse conditions. An active, customer-purchased Internet Service Provider broadband account is required for connection of this router and other connected computers and devices to the Internet.

Some devices may require additional wireless adapters or an Ethernet cable to connect to this router.

Maximum performance derived from IEEE Standard 802.11 specifications. An 802.11ac adapter may be needed to achieve 11ac data rates. In order to achieve the best performance, router must be used with a compatible AC700 wireless device.

*Up to 2.3x faster physical data rate when compared to 802.11n WiFi routers using two antennas to transmit and receive data. Actual speeds will vary depending on a number of factors. In order to achieve the best performance, router must be used with a compatible AC700 wireless device.

†The standard transmission rates—1000 Mbps or 700 Mbps (for 5 GHz), 300 Mbps (for 2.4 GHz), 54 Mbps, and 11 Mbps—are the physical data rates. Actual data throughput will be lower and may depend on the mix of wireless products used and external factors.
